DIGITAL & EXPERIENTIAL MARKETING

MARKET PRESS

DRIVEN BY DATA INSPIRED BY CREATIVE

an award-winning,
WBENC-certified,
woman-owned
marketing agency

Since 2009, we've blended data and creative to elevate the visibility and profitability of incredible brands. We prioritize process and people so our team can develop and execute exciting campaigns that showcase our commitment to creativity, play and results.

FOUNDER & CEO

LAUREL MINTZ

With a J.D./M.B.A from Rutgers University, Laurel's is uniquely equipped to run a successful agency. Driven by her favorite acronym, FLOGID (figure it out, get it done), Laurel has served both startups and blue-chip global brands like Meta, PAW Patrol, Verizon Digital Media Services and Zendesk since 2009.

Laurel sits on the Board of Directors for NFTE (Network for Teaching Entrepreneurship), Women Founders Network and All Raise, is a mentor for The Women's Global Leaders Initiative, and advises LAVA (Los Angeles Venture Association). Her published work can be found in *Inc. Magazine*, *Entrepreneur*, *USA TODAY* and The American Marketing Association.

When she's not wowing clients with creative, you can find Laurel and her husband Mike with their fur babies Miso and Twizzler testing out new recipes in the kitchen—with a good glass of wine, of course.

CAPABILITIES

CLIENT JOURNEY

Introduction

We want to make sure our relationship is the right fit for everyone, so we schedule a short call to get an understanding of your goals, budgets, needs, team members, etc. If we like each other's vibe, we move quickly.

Mindmaps

We host two types of interactive exercises to better understand our clients: a one-hour educational Digital Mindmap to show you the online/offline universe, and our fun Creative Mindmap to explore your brand.

Roadmap

We use powerful listening software to learn more about you and your competitors. Then, we deliver an extensive report with real numbers and powerful insights that we use to build a comprehensive SOW.

Kick-off

Once we get to know who you are as people, as a brand and as a set of data, we coordinate a call to meet everyone on the team, schedule our ongoing meetings and start ideating your campaign concepts.

Setup

We ensure our team has access to all appropriate platforms and programs, and then we set up social profiles, KPI trackers, call schedules, etc. It isn't a sexy step, but it's an important step before we get started.

Elevation

This is the fun part! Once we're all set up, we start to execute our scope of work and begin to grow the brand in a measured and meaningful way. In short, this is where we "figure it out, get it done" together.

“In only a couple of months my email list has grown by hundreds of people and activity on my website has increased by over 150%! I love that they are so supportive of my success and so efficient! No time is ever wasted! I have been really happy with the work that they have done and I am looking forward to continuing with them.”

“This is the second time I’ve brought the EMB team in on a special ops project and they always deliver. This time, they helped us qualitatively and quantitatively synthesize some marketing pain points that will allow us to develop a better future state for Facebook globally. We always love the energy and effort they put forth and are solid partners to me and my team. We look forward to working with them again soon.”

“It is with great pleasure, and a debt of gratitude, that I recommend Laurel Mintz and her team at Elevate My Brand. When Laurel and her team signed on to my vision to create a massive, country wide innovation celebration, no one knew that it would grow to encompass 160 events over 22 days. EMB’s excellence and dedication were instrumental in creating the juggernaut that is innovative. Through their digital marketing strategy and leadership we were able to achieve a staggering 43K hashtags used and 120 million total impressions for #LAIW.”
